**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose Sonic because it is small, personal, and very good technologically . Most importantly the company is honest and supports fairness. It is this kind of competition that requires other companies to behave in a similar manner and to keep capitalism a bit more honest and their pricing more fair. In today's world, obviously, it would be very difficult to function without the internet so small, successful companies like Sonic are important to daily living. Please do not allow the corporate companies to dominate the internet world, and to set the rules and regulations that would seriously impact the smaller companies.

FCC, you set the tone of how to operate in a capitalistic democracy so preserve the competitive decency by which this country thrives. We need to preserve that tone more than ever today.
